PASSION ACROSS 10 BRANDS

WELCOME AND THANK YOU FOR JOINING THE ELITE FAMILY!

Elite Wheel Warehouse was founded in 2010 as a wheel and tire distribution center serving the local area. Since then, we have become the largest wheel and tire distributor in the southeastern United States.

In the past 10+ years, Elite has launched 10 aftermarket automotive brands, catering to multiple markets. We strive to lead and innovate in our industry, fueled by teamwork, integrity, and family values. We are truly grateful for your support, without which we could not have achieved this success.

We would like to express our sincere thanks to you for your partnership and loyalty.

From our family to yours, we look forward to continuing to grow and build together in the future.

WE STRIVE TO BE THE GLOBAL LEADER IN THE AUTOMOTIVE INDUSTRY WITH BRANDS BUILT ON PASSION, INSPIRATION, AND INNOVATION.

Ed Milani

CEO & FOUNDER
ELITE WHEEL DISTRIBUTORS, INC.

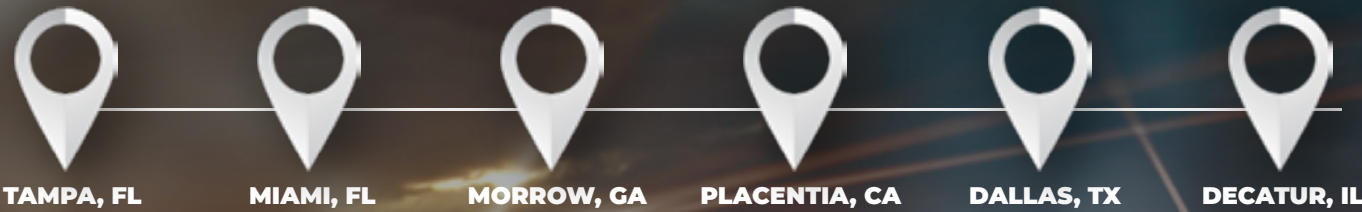

ARVANO

VORTEX OFFROAD

HEADQUARTERS & LOCATIONS

Starting as a distribution channel for multiple wheel brands, we have evolved into a team of young, passionate, and inspired customization enthusiasts. Our Tampa-based showroom and headquarters offer the latest manufacturing processes and technology, and our team of 100+ dedicated representatives and associates work on premises that span over 150,000 sq ft. In addition, our five locations allow us to reach customers nationwide, with some of the fastest turnaround times in the industry.

SHOP ONLINE THE ELITE B2B

JOIN THE ELITE B2B PORTAL TO EARN ELITE BUCKS AND SAVE MONEY ON FUTURE ORDERS.

Check live inventory and place orders on both desktop and mobile devices using the Elite B2B Portal 24/7. Additionally, you can earn points with the Elite Bucks Reward System. We offer telephone, email, and online support connecting you directly with a qualified sales representative in real time.

AV SERIES

AVX SERIES

The AV series showcases classic style concepts with a modern twist. They are designed for passenger vehicles and light SUVs. There are 3 finish options per design with 12 finishes total. There are 2 wheel profile options: A-Flat, B-Concave. Sizes range from 19 to 24 inches and can also be staggered.

- Fitments: Passenger Vehicles and Light SUV
- Finish: Each design is offered in 3 different finishes per design with a total of 12 finishes
- Profiles: Each design is offered in 2 concavity profiles
PROFILE A - FLAT | PROFILE B - CONCAVE
- Sizes: 19" to 24" Staggered
- Flow Formed Technology

The AVX series designs are best described as complex, yet organized. As with the AV series, they are designed for passenger vehicles and light SUVs, with 3 to 4 different finishes per design and 14 finishes total. There are 3 profile options: A-Flat, B-Concave, C-Max Concave. Sizes range from 19 to 24 inches and can also be staggered.

- Fitments: Passenger Vehicles and Light SUV
- Finish: Each design is offered in 3 different finishes per design with a total of 14 finishes
- Profiles: Each design is offered in 3 concavity profiles
PROFILE A - FLAT | PROFILE B - CONCAVE | PROFILE C - MAX CONCAVE
- Sizes: 19" to 24" Staggered
- Flow Formed Technology

AXL SERIES

The AXL series offers some of the boldest designs available under the Arvano brand name. The wheels are made for passenger vehicles and light SUVs. They come in 3 different finishes per design, with 6 finishes total, and each design is offered in 2 concavity profiles: A-Flat and B-Concave. Sizing options range from 20 to 24 inches, staggered.

- Fitments: Passenger Vehicles and Light SUV
- Finish: Each design is offered in 3 different finishes Per Design with a total of 6 finishes
- Profiles: Each design is offered in 2 concavity profiles
PROFILE A - FLAT | PROFILE B - CONCAVE
- Sizes: 20" to 24" Staggered
- Flow Formed Technology

ART SERIES

The ART series boasts a suitably refined collection of wheels, in which strong, broad design elements are combined with a more delicate attention to detail. The ART series wheels fit passenger trucks and SUVs. These wheels boast 3 different finishes per design and 9 finishes total. Each design is offered in 2 concavity profiles: A-Flat, B-Concave. Sizing options range from 20 to 26 inches, staggered.

- Fitments: Passenger Trucks and SUV
- Finish: Each design is offered in 3 different finishes per design with a total of 9 finishes

CHANGING THE GAME

Our tuner lineup, Spec-1 Wheels, showcases affordable and lightweight monoblock wheels in various sizes and bolt patterns. The majority of our designs are dual-drilled to ensure compatibility with a wider range of vehicles. In addition, we provide simulated 3-piece wheels that incorporate cutting-edge technology. Spec-1 is renowned for its luxurious and sporty racing concave styles that push the boundaries of current wheel industry designs.

GET XF GET OFF-ROAD

XF made a remarkable entry into the off-road market with its superior designs and high-quality wheels. We aim to lead and innovate in the off-road wheel segment by incorporating state-of-the-art technology and design features. XF wheels are manufactured using a low-pressure casting process and flow-formed technology, providing a lightweight yet stronger alternative to traditional cast wheels.

VENOM POWER

BUILT FOR ADVENTURE!

Venom Power Tires focuses on serving consumers and the automotive aftermarket by introducing products that center around unique sizes, quality, safety, and value. Our tires are designed for durability, long tread life, performance, and aesthetics. In short, we manufacture tires that consumers and enthusiasts want and need, not tires that we think they want or need. So, whether it's for your daily commuter car or your rig for weekend adventures, we have the tires that will take you to your destination and back home safely.

Our high-performance passenger tires (to be introduced later this year) offer a refined, comfortable, and quiet ride on the highway but deliver the performance needed for more spirited driving conditions. On the other hand, our off-road tires allow you to explore further on any terrain through dirt, sand, gravel, rocks, rain, mud, and snow.

RBP
ROLLING BIG POWER TIRE

MUD-TERRAIN TIRES

Rolling Big Power specializes in building the world's best mud tires. Ranging from 31 inches to 40 inches in flotation sizing, and 15 inches to 26 inches in standard sizing. RBP tires are ideal for every truck, Jeep, SUV and CUV. Using industry-leading compounds, tread patterns and technology, our mud tires are capable of handling all kinds of terrain from mud, dirt, snow and rain.

REPULSOR M/T3

Meet the new generation of Mud-Terrain tires from Rolling Big Power. The Repulsor M/T3 combines our proprietary blend of advanced tread compounds, beefy 3-ply sidewalls, and a progressive pitch variation design that provides excellent off-road performance. The Rolling Big Power Repulsor M/T3 is a Mud-Terrain tire built for light trucks, SUVs, and crossovers. Optimized off-road performance is achieved by using large staggered tread elements, wide grooves and an open shoulder design that improve surface traction in soft and loose terrain. These tread elements enhance the tire's grip in off-road conditions and improve drivability through deep mud and loose dirt. The upper sidewall design and the biting edge of the Repulsor M/T3 ensure maximum performance on the trails.

REPULSOR R/T

When looking to upgrade to an off-road tire that offers a quiet and comfortable ride on the highway, yet delivers a dynamically powerful, confident, and secure off-road driving experience, the Rolling Big Power Repulsor R/T is one of the best Rugged-Terrain tires available. The Repulsor R/T features a durable and technologically advanced All-Terrain and Mud-Terrain hybrid design and a beefy 3-ply sidewall construction that provides on-road comfort while maintaining exceptional off-road capabilities. With its open notched shoulder tread blocks, the Repulsor R/T ejects mud, rocks, and debris and offers excellent off-road traction. These elements combined give your vehicle the ability to navigate the toughest of terrains and provides great on- and off-road drivability.

REPULSOR M/T

The Rolling Big Power Repulsor M/T is a Mud-Terrain tire built for light trucks, SUVs, and crossovers. The Repulsor M/T provides excellent traction in rain, sleet, mud, snow, and everything else in between. This is achieved with a specially designed tread pattern that features large staggered tread blocks, open shoulders and a detailed upper shoulder design. The tread blocks and the open shoulders ensure constant road contact, while the extended sidewall pattern enables the Repulsor M/T to find grip in deep mud and sand while ensuring mobility in rough terrain.

TERMS

All terms are COD unless a pre-existing credit has been approved. All returns must be approved by management and accompanied with an authorization number and a copy of the invoice. Any items returned for stock will be assessed a 20% restocking fee. Special order items cannot be returned. Prices are subject to adjustment without prior notice.

SPECIAL ORDERS

No returns or credit will be allowed on special order items. All items that are not in stock and need to be individually ordered are deemed special order.

WARRANTIES

Wheels are under warranty against defect of materials or workmanship for one year from the invoiced date. Peeling, flaking, or blistering of chrome plating is not considered defects in materials or workmanship.

This warranty does not cover corrosion or discoloration by exposure to cleaning products used against the wheel not in accordance with suggested treatments. Automatic car washes are not recommended.

These warranties are void if wheel is damaged due to improper mounting, installation, curb damage, neglect or normal wear and tear.

All blowout items are sold "as is" without warranty.

WARRANTY TRANSFERABILITY

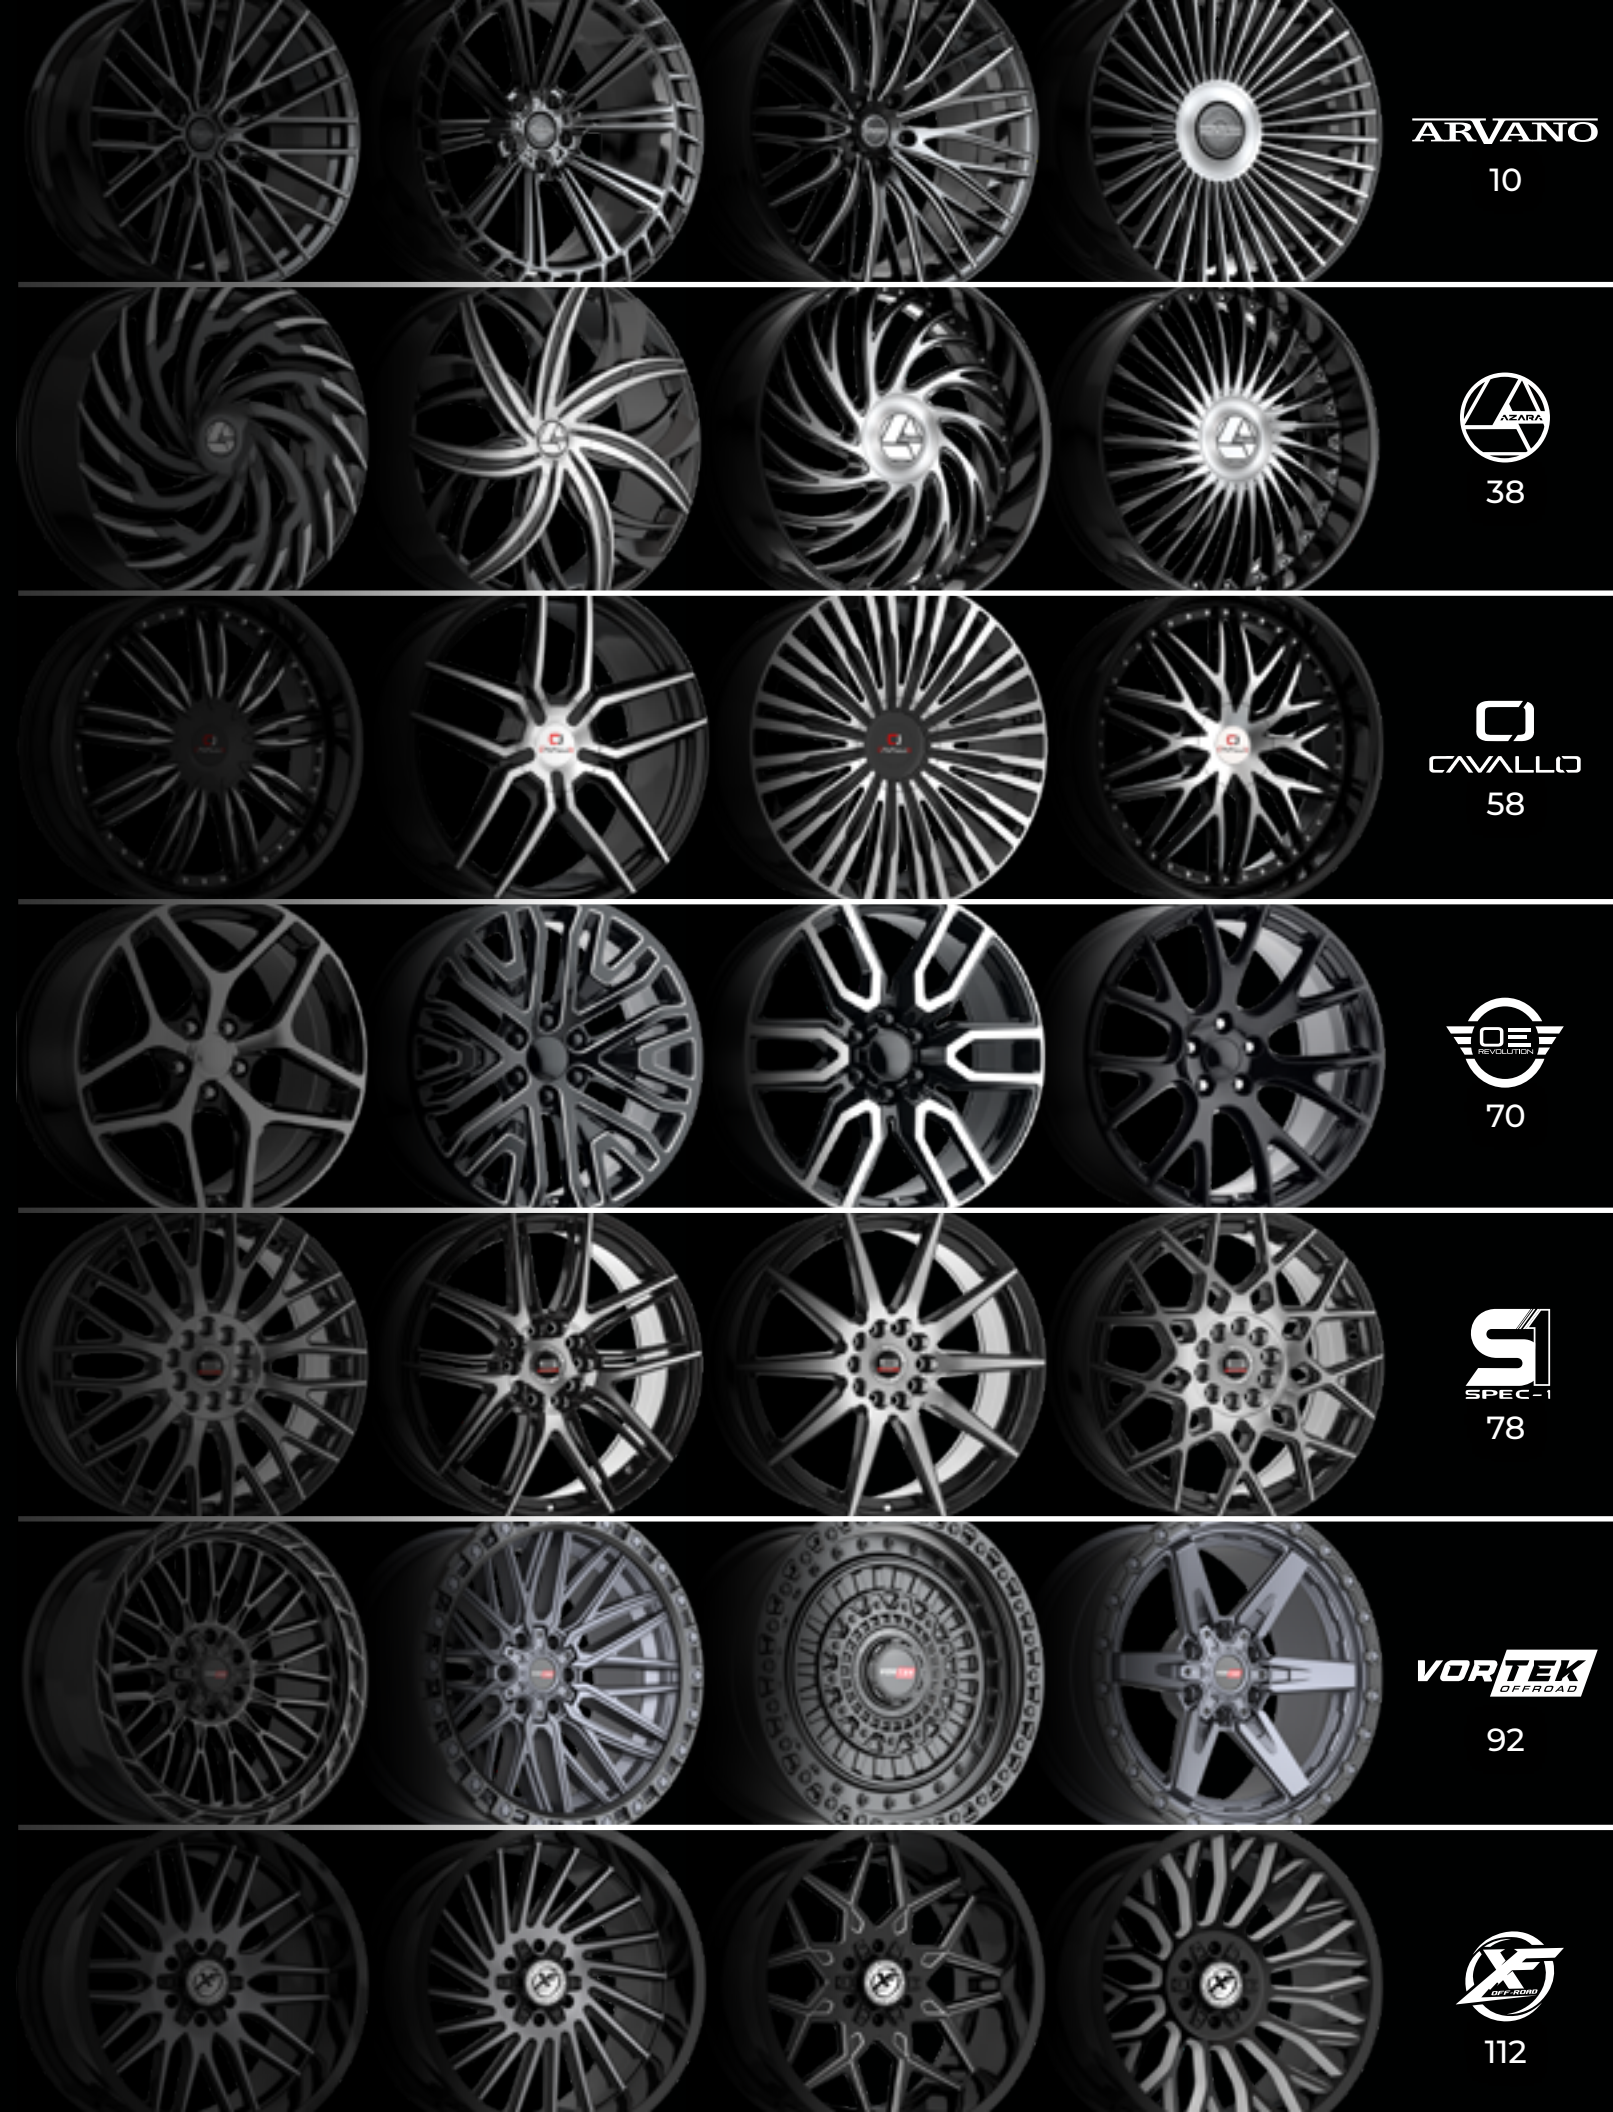

All warranties are non-transferable and do not cover return freight charges, damage caused by improper handling, use, mounting or installation. These warranties do not assume coverage of expenses for diagnosis, removal, balancing, or cost of installation labor.

CARE INSTRUCTIONS

Chrome or painted wheels are to be cleaned with nothing other than mild soap and water. Harsh chemicals, detergents, polishing compounds, or abrasives are not to be used as they will damage the wheel and void the warranty. Be sure to cool wheels with cool running water before cleaning as failing to do so may cause discoloration.

SHIPPING AND HANDLING

We can ship most orders same day. Always inspect shipment after delivery and report any damages immediately. Do not return damaged products to Elite Wheel Warehouse unless instructed to do so. You must get a RMA before returning the item or the shipment will be refused. Damage claims must always be processed through the shipping company responsible.
